

TCM Forklift Attachments

TCM Forklift Attachments - In the international trade of material handling, forklifts play a major part for transporting industrial goods. First innovated as industrial vehicles during the 1930s in America, forklifts gained popularity following World War II in the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these equipment spread globally.

In the year 1949, established by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Now the company is simply called TCM Corporation. Throughout the years, TCM forklifts have become an international leader in forklift manufacturing and have built a solid reputation with the industry. TCM started constructing lift truck manufacturing sites outside of Japan in the 1980s and is now engaged in lift truck manufacturer at three foreign factories in China, the United States and Europe.

With over fifty years of accumulated expertise and technology, TCM has been proudly making several models of industrial lift trucks, making their models recognizable all over the globe. With a strong and energetic workers, TCM has been able to continually work towards becoming a future leading material handling company.
